Luke 17: 11-19

1. Why do you think only one returned to thank Jesus? What's up with the other nine?
2. Why was Jesus disappointed about the nine not returning to him? Do you think you have ever disappointed Jesus by similar behaviour as these nine men showed?
3. Why would a "foreigner" like this Samaritan be more thankful than the (Jews) the people of God? Why might gratitude be more readily found in those who are marginalized?
4. In the Bible days people with leprosy were excluded from community, fellowship, worship etc? In modern culture of Ferndown and the surrounding areas, what group of people would not be easily be received by the church? If they are, how are you breaking the barriers?
